

NFPA 70E ARC FLASH TRAINING

TUESDAY MARCH 9, 2010 · 8:00AM - 5:00PM
ABC TEC · 2267 W. YALE AVENUE
ENGLEWOOD, CO 80110

MEMBER PRICING - \$150.00
NON-MEMBER PRICING \$175.00

Arc Flash protection training is an essential part of any employers Health & Safety Plan. Our Arc Flash safety training will show you how to conduct a risk analysis, determine Hazard Risk Category, incident energy value, and flash protection boundary distances for the equipment at your work site. In the class your employees will learn to use National Fire Protection Association's Standard 70E (NFPA 70E) and OSHA resources in selecting electrical components designed to minimize arc flash hazards. In addition, students will be instructed on how to choose the proper personal protection equipment (PPE) according to NFPA requirements.

Topics Covered:

- Electrical Hazards
- Preparing to Work Safely
- Determining Arc Hazard Category
- Boundary Calculations
- Existing and Proposed Standards
- Determining a Safe Distance of Approach
- Fault Current Calculations
- Hazard Analysis

Please RSVP by March 4, 2010
