

MILITARY SAFETY & HEALTH EM-385 TRAINING CERTIFICATION

September 13 & 14, 2010
Foster Electric Corporation
1220 Valley Street • Colorado Springs, CO. 80915
8:00 a.m. - 5:00 p.m.

Registration Fee:

\$525 member

(\$475 for additional registrants from the same company - a \$50 discount)

\$600 non-member

The EM-385 training will discuss the major differences between OSHA Standards and EM-385 Requirements for Construction Safety on all United States Corps of Engineer Projects. In addition, workshops will instruct students on developing, submitting and implementing Corps Required Activity Hazard Analysis (AHA) and Accident Prevention Plans (APP). The workshops will be based on AHA's and APP's required for a typical construction project. The final exam will require each student to successfully pass a comprehensive test, and complete both an AHA and APP.

The two day, 16 hour class will review the following subjects:

Day One:

1. General Contracting Requirements with various Federal Agencies
2. EM-385 Manual
 - Section 1: Project Management
 - Section 6: Hazardous or Toxic Agents (HAZCOM)
 - Section 11: Electrical Safety

- Section 12: Control of Hazardous Energy
- Section 21: Fall Protection
- Section 22: Work Platforms and Scaffolding
- Section 24: Safe Access (ladders, stairs, railings)
- Section 25: Excavations, trenching
- Section 34: Confined Space Entry

Day Two:

1. Activity Hazard Analysis Workshop for typical construction activities.
2. Developing Accident Prevention Plans

Prerequisite: OSHA 30-Hour for Construction

Please RSVP by September 1, 2010 • Fax to Cori Gerlitz at 303-832-5813
