OSHA Safety and Health Standards for the Construction Industry
(29 CFR Part 1926)

Order your copies NOW for the most current OSHA standards for the construction industry. The latest edition includes all amendments published by OSHA through January, 2009 and are available NOW!

This new edition has been enhanced to improve readability and overall ease of use. There is a new color scheme, sections have been tabbed, the index has been reformatted and the graphics have been enhanced.

The book contains the occupational safety and health standards for the construction industry (29 CFR 1926) and includes the text of all general industry standards incorporated by reference into the construction standards. Also included are part 1903 regulations governing inspections, citations, proposed penalties and part 1904 regulations on recording and reporting of occupational injuries and illnesses. Additionally, subsection 5(a) of the OSHA Act of 1970 (the "General Duty Clause") and excerpts from Part 1910 cross-referenced throughout.
