

ABC SAFETY

OSHA 10-Hour Class

September 16, 2008 - 7:00 a.m. - 5:30 p.m.

GREELEY

The OSHA 10-hour Construction Outreach Program places emphasis on the most hazardous areas in construction. The course uses OSHA standards as a guide. It is extremely valuable to supervisors, managers, and foremen. Attendees who successfully complete this class will receive a wallet card from OSHA, a copy of the 1926 CFRs and a hard hat sticker.

Important topics covered: An introduction to OSHA, fall protection, confined spaces, excavations, electrical, hand & power tools, scaffolding, fall protection and stairways & ladders.

Who Should Attend: Every member of your construction workforce needs this class to provide the base-line safety knowledge necessary to keep themselves and their coworkers safe. Maintain a low EMR by sending your workforce to this important class.

Location:

Hensel Phelps
Construction Company
Training Center
420 Sixth Ave.
Greeley, CO 80631
