

State Political Funds

How can I help protect Merit Shop Construction in Colorado?

You can help protect our industry and make our voices heard in Colorado by contributing to one (or both) of the chapter's state political funds. Both of these funds have been established to support the election of pro-business and pro-merit shop candidates running for office within the state of Colorado. These funds are ABC's tools to represent you and your business interests to Colorado legislators and political candidates. Your contributions will go to work immediately by helping candidates who agree with our free enterprise and pro-business legislative agenda.

Why are there two separate funds?

In December 2002 Amendment 27, The Campaign and Political Finance Reform Act, became law. The Amendment drastically changed the law pertaining to who can contribute to statewide political committees and the contribution amounts that can be made to candidates from these funds.

What is RMC-Political Committee?

The RMC-Political Committee is ABC's only statewide political fund that can accept **CORPORATE DONATIONS**. Contributions are limited to \$500 per company per election cycle. Donations to candidates from this fund are limited to \$200 per election cycle.

What is ABC-Small Donor Committee?

ABC's-Small Donor Committee can only accept **PERSONAL DONATIONS**. Donations are limited to \$50 per person per election cycle. Donations to candidates from this fund are limited to \$2,000 per election cycle. Absolutely NO CORPORATE donations may be accepted.

"Donations must be from natural persons who are citizens of the United States. No person shall make a contribution to a small donor committee with the expectation that some or all of the amounts of such contribution will be reimbursed by another person or entity."

YES! You can count on my support to help protect the Merit Shop Philosophy!

My company would like to contribute to **RMC-Political Committee**.
