Field Supervisory Skills | United Academy | Construction Quality Management (CQM) | Special Topic | C3 Safety Training | Leadership Academy | Safety Forum

# 2018

## Education & Safety Courses

### Construction Quality Management (CQM)

Certificate issued upon successful completion of CQM is good for 5 years and is valid for USACE, NAVY, and other federal agency projects.

### Field Supervisory Skills

Addresses primary skills needed by today's field professionals

#### Classes:

- Understanding Productivity & Project Leadership
- Resource Control & Customer Relationships
- Contract Administration & Effective Communications
- Planning and Scheduling & Time Management

### Special Topics

Variety of timely and important topics effecting both ABC Member and the construction Industry.

### Safety Forum

Safety forum meetings are co-hosted with the Independent Electrical Contractor Rocky Mountain Chapter and are free to attend for all ABC and IEC members. Locations and topics vary by month; to get more information on meetings, or to be added to the invitation list, please contact Kim.

### United Academy

Designed to cover all basic safety training needs for ABC member companies. A variety of topics are offered.

### Construction Core Competency (C3) Safety Training

Designed to cover all basic safety training needs for ABC member companies.

- **Level 1:** Awareness training basics and commonly used equipment certifications
- **Level 2:** First Aid/CPR/AED certification, OSHA 10 hour, and qualified signal person and rigger
- **Level 3:** OSHA 30
- **Level 4:** Competent person classroom training

### Leadership Academy

#### Emerging Leaders

For new and emerging leaders

#### Experienced Leaders

For experienced leaders who are looking to gain new skills

### Save the Dates:

**STEP Award Applications:** Due 3/16/18
